

1. CAR PARKING SITES and 2. Site layout

1. CAR PARKING

* There is very limited car parking space (2 disabled slots) available for vaccination purposes at the Pharmacy/Medical Centre site as spaces need to be kept free for 'normal' Medical Centre and Pharmacy customers.

So the allocated spaces marked above at the Vaccination Site itself do need to be reserved for disabled people only. Please would everyone else use any of the other available parking sites wherever possible. THANK YOU!

2. Vaccination Site layout of Medical Centre and Pharmacy area
